History and Graduates

Sarah-Jayne Baraniuk is the only Bugsy cast member to be involved in the very first Notre Dame Collegiate Musical, Annie. In that show, she played one of the Young Ladies; she was in Grade 7 at the time. We thank her for all her support of the Fine Arts in our school.

Jaylene Beck was a brand new addition to our talents this year, surprising us with her hidden singing ability. We hope she carries this newly discovered talent far into her future.

Lacey Beierbach who introduced her talents to us last year has found a way of sharing them through musical theatre. We hope she continues to share them passed graduation.

Nathan Boulet who joins us from Belgium for this year has found his niche in our school community with this production, which we hope he continues when he returns home after graduating with NDC.

Brenden Brown who has joined NDC just this year joined us just in time to find his role in our community as a technician. His help has been incredibly valuable.

Colton Gillich jumped into an acting role for the first time this show, but has been a fixture in our music program. He has filled the role of Fat Sam perfectly.

Shannon Paulgaard has been involved in every show since H.M.S. Pinafore, either as a Pit Band Member, Crew or Stage Manager. This was her first hand at acting, and next semester will be Director of our next Theatrical Production.

Steven Siggelkow is one of our most memorable graduates this year, and he has taken his Fine Arts into a new realm with this acting role.

Victoria Stey started with us as a Stage Manager with The Twits, and finishes her high school career in the same role. She is a slice of sanity in the fruitcake of NDC Theatre.

Jamie Sundby first got involved in NDC Theatre in the Pit Band for Give A Little Whistle and Hoodwinked, then in Costumes and Props in The Twits, and finally now as an Actor in Bugsy. The force is strong in this one!

A special note of recognition to our veterans, **Bradley Prieur, Jordan Pakenham, Dakota Johnson, Braedan Pettigrew, Ernesto Hernandez and Liam Beaudette** who have been involved in every production available to them, our returning students **Lorena Dorrington** (H.M.S. Pinafore) and also to the newcomers to NDC Theatre, of which there were many. You are what's making our program so successful!

Dan Guenette has been the Director of the passed three productions put on at NDC. He will be giving up this role to a student director next year, but will continue to remain at the helm of the dramatic productions at NDC.

Joel Windsor has been the musical/sound director for every production hosted by NDC. Musical Theatre has been a passion of his since introduced to it at a young age, and this passion appears to grow with each show.

Message from the Musical Director

It has been a great pleasure to work with our young actors and singers throughout this show. One of the greatest achievements I can claim is that I have helped many students develop their talents, and even helped some students discover that they had talents. In this show, we found four students who had no idea they had great singing voices previous to being involved in Buggy. There are few other places in school life where students can discover such personal and profound aspects of their personality, and I get to bear witness to it.

Thank you to the families of the actors and crew for your support through the many rehearsals and preparations for this show. As you may have noticed, Notre Dame Collegiate has developed itself into a great school for becoming involved in the Fine Arts. The Fine Arts are windows into our society, our community and our souls. Through your support, we intend to continue to provide that window for as many NDC students as we can.

Message from the Director

We chose this play because we really wanted to do a musical and looking back over the show history of NDC we noticed that we were doing lots of fantasy/fairy tale type plays. Hoodwinked, The Twits and Give A Little Whistle fits into this genre. This year we really wanted to move away from that and do something new, fresh and exciting. Bugsy Malone really fit the bill. Set in the 1920's, this play takes the best parts of that period and ignores all the nasty parts. Mix this great love story with fantastic jazz music and great singing and dancing and you have a formula for a production that everyone can get excited about.

I would like to apologize to all of you who were hoping to see a Christmas play tonight. Bugsy is not quite that, we have added a little Christmas spirit to our production. For now I'd like to take out an IOU for one Christmas production to be done in future years. I hope that you enjoy the show and congratulate all of these young performers for their hard work over these many months of rehearsal.

Message from the Stage Managers

Holly Paulgaard and Vicky Stey have had an enjoyable experience working on this year's musical. This is Holly's first year as a Stage Manager and did an awesome job as a newbie. As for Vicky, this is her second year and she has learned a whole lot more in this year's production, especially singing and dancing. Both have had a ball of a time working with the huge cast of Bugsy Malone. Vicky is sad to say that this may be her second last time managing an NDC play production as she will be graduating this year but hopes to continue in the stage managing role in the future. Holly is hoping to have another chance at managing more productions soon. A special thanks to all the cast, crew, Mr. Guenette, and Mr. Windsor for their super hard-work and cooperation!
